RFP 18P-003 – OUTDOOR MESSAGE DISPLAY

ADDENDUM NO. 1

The following shall be incorporated into the captioned solicitation as though included in the original documents issued:

1. Vendor questions received and College responses to date:

Q1: It is not mentioned in the RFP when the existing signs are removed, is it expected that the Contractor wire brush, grind, sand, prime and repaint all of the steel angle?

A1: Yes, it is the expectation that all steel to have rust removed, primed and painted prior to reinstallation of new product.

Q2: The brick & stone work: Will the selected sign Contractor be expected to chemically pressure wash the entire brick and stone work to clean it up?

A2: Yes, all brick and stone shall be pressured washed with a cleaning agent.
